## **Celebration's School of Supernatural Ministry Information**

*Featuring the Bethel School of Supernatural Ministry DVD Curriculum*

Celebration School of Supernatural Ministry (CSSM) was established with a passion to raise up a generation of revivalists that carry the loving heart of our Father and bring transformation to individuals and the nations. God loves people, gave Himself for them and has given His Church supernatural power to bring individuals and nations into wholeness. The school emphasizes that believers need to return to the ministry of signs and wonders—to minister in love, truth and the power of God. The mission of CSSM is to equip and deploy revivalists who passionately pursue worldwide transformation in their God-given spheres of influence.

### **The Atmosphere**

CSSM is a Holy Spirit driven ministry school where students learn how to live in the Kingdom of God and extend its borders through a supernatural lifestyle. The school is multi-generational with participants from various ages. One of Celebration's goals is to create a culture of honor, which manifests through joining the generations and teaching every age group to value and serve one another.

The school emphasizes hands-on training and experience along with academic understanding. This creates a "Teach & Do" culture where all of the students are expected to take risks to stretch their faith and grow in their understanding of God. CSSM believes that each verse of the Bible is an invitation into an experience with the Lord, and students are challenged to live the New Testament. This produces a class environment where disciples practice the things they are being taught while instructors coach the process, and all this takes place in a setting of passionate worship.

As the year progresses and the students begin to gain confidence and experience within the safety of the classroom, they are sent on outreaches into the community. These exploits include ministry to neighborhoods, feeding low income families in Santa Ana, city outreaches and transformation/missions trips. When the students take their supernatural ministry into the community, it gets pretty exciting! They return to share testimonies, give thanks and debrief, always cheering each other on as they share. It is our goal to see our students live a supernatural lifestyle on a daily basis and make that the norm in Orange County and around the world.

These values define our atmosphere and are manifest in worship, ministry and in relationships with each other. Boldness, passion and risk are center stage in Celebration's school.

### **Student Life**

The school is designed to equip students to live a supernatural lifestyle, not just minister in the gifts of the Spirit. They are encouraged to be naturally supernatural by bringing heaven to earth wherever they go. In order to live this life in health and balance the school has a strong focus on helping students develop their Identity and a foundation of character in the Fruit of the Spirit.

Class hours are one night a week from 5:45 p.m. -9:30 p.m. and one Saturday morning a month from 8:45 a.m.-12:00 pm. The class hours are learning opportunities with the DVD's from Bethel's School of Supernatural ministry and live instructors, but they are just a small part of the learning experience. The other hours consist of learning through group discussion, activation exercises, homework and small group connection. There is a commitment and intensity required to join the school. We believe the intensity soon translates into "becoming"; things that are at first foreign

and done out of duty gradually become second nature as students move from merely echoing a message to becoming a message.

The school culture is more adept to meeting God as you “do life.” We have chosen to teach our students how to have healthy relationships and live in purity within the community. In order to accomplish this core value, it requires a high level of discipleship, personal responsibility and accountability in our students. This is accomplished through small group interaction and a covenant community which embraces honesty, transparency and loving confrontation.

CSSM is not for those who are looking for a place to rehab or people who are coming out of lifestyle sins. There is too much freedom in our environment for those struggling with self-control. Celebration’s school is designed to be a ministry training center where our students embrace their royal identity, learn the attributes of the Kingdom and walk in the authority and power of the King.

**Academic Overview**

The academic instruction at CSSM is unique because it is taught by apostles, prophets, evangelists, pastors and teachers - not by professors or theologians. This gives the teaching a kind of living perspective with five-fold distinctions. Bill Johnson, Kris Vallotton, Danny Silk, and Georgian Banov are a few of the great leaders that will be featured through Bethel’s School of Supernatural Ministry DVD curriculum.

The students are immersed in a revelatory culture where the Holy Spirit becomes the chief instructor and tour guide. He causes His Kingdom to come alive through the pages of the Bible. CSSM students learn how to read, understand, and “do” the Bible – how to practice His presence, to witness, heal the sick, prophesy, preach, pray, cast out demons and much more.

The CSSM students learn in large group sessions (Once a week evening sessions), revival groups, small groups of 5, and on their own. Reading on your own time is expected and is a large part of our curriculum. There are 4 books we will read throughout the year.

## **CSSM Structure**

The school year extends from September through May, and each year has a specific focus in the development of the revivalist.

**Stage 1 School** - School of Ministry focuses on assimilating the core values of the Kingdom into the heart of the Believer and establishing God's Royal identity in the mind of each student. Stage 1 is divided into a two year program. Year 1A & 1B students receive the gifts of the Spirit and learn how to walk in the power of God as they grow in their identity and character.

Students read large sections of the Bible in the program. As the year progresses they are released as part of the ministry team in our church services and serve in our conferences, classes and house churches. They do outreach ministry each month and the entire school is given opportunities to go on various transformation/mission trips nationally and internationally. Students raise additional funds for these trips. The school hosts two retreats during the year (included in the tuition) which is a tremendous time of building new relationships, getting to know each other and connecting with the staff.

## **FUTURE SCHOOL DEVELOPMENT**

We plan to implement the expansion of the school in the coming years with the following additions to the program:

**Stage 2 School** - Successful Year 1 graduates may apply to attend Year 2 if they believe the Lord is leading them to do so. Year 2 students take the skills and core values they have learned in Year 1 and begin to incorporate it in their calling. They choose a revival and a revivalist from history and investigate them with a view to forging similar dynamics in their own lives. They also learn leadership principles to gain understanding on how to lead people and establish the Kingdom in every realm of society.

Year 2 students have the opportunity to travel with our leaders as the ministry team. They demonstrate signs and wonders, and may sometimes train the local congregation in supernatural ministry and take them into the community to do treasure hunts (these are prophetic spontaneous encounters where Believers look for hidden treasure in the hearts of the folks of their city).

**Internships** - Internships provide an opportunity to experience the Kingdom culture of leadership first hand. Our program will be tailored to meet both the intern's calling and the ministry of the person for whom they will intern. In addition to time spent with one's immediate leader and learning ministry by serving, it includes: individual pastoral oversight by our team, coaching, leadership training (including some sessions with our Senior Leadership team) and regular time with other interns. Internships generally center on the five-fold ministry in the areas of youth, children, worship, prayer, missions, etc. They are primarily available to those called to career ministry in the church, although those who intend to lead in other realms of society could potentially be considered.

As a general rule, we prefer those who have completed Year 2 for these internship positions because we believe the Level 1 and Level 2 program work in tandem to produce higher quality leaders.

### **Student Commitments**

- Consistent Attendance at CSSM's weekly evening sessions & Saturday sessions  
(Students are allowed 2 excused absences in the Fall and 3 in the Spring – this is a requirement for graduation – frequent absences diminish the momentum gained by weekly interaction)
